# Founder's Message

Ms. Neha Chawla is the Founder of NGOSTory, a media platform advocating the work of grassroots NGOs and Director of Project Shiksha, with a decade of corporate experience across IT, startups, hospitality, and ed-tech. Born in the city of Tata's (Jamshedpur), she carries her values of giving back to the community as her legacy. She is also a 2 time published author ([amazon.com/author/nehachawla](https://amazon.com/author/nehachawla)) & her work in the social sector within a network of over 2500+ NGOs, amplifying their voices and driving positive change is known for its valuable content creation and innovative platform.

Project Shiksha was started with the idea of bridging digital literacy gaps for the last mile and helping them embrace technology for a 21st century future. Education is a powerful weapon that brings the entire family out of poverty. If one child gets the Quality Shiksha, it impacts the entire family at large. Project Shiksha accelerates learning through experiential programs preparing with a tech driven mindset & innovative thinking thereby setting the foundation for better employment opportunities.

Project Shiksha works in collaboration with government schools & helps empower their curriculum by supporting their learning through its flagship programs like Coding, Entrepreneurship, Life Skills etc and being their partner in the much needed growth of the last mile children.

Project Shiksha has been applauded for its work by network of stakeholders & continues to work at building India Ki Shiksha. We as an NGO believe that Every Last Mile Child deserves Quality Education & should be given a fighting chance to avail the same. Through our various other initiatives like the Be Curious Program, Wellness Program & Spoken English, we are aiming at positioning ourselves as a holistic partner for the last mile communities and with your support we can Redefine Education Together!

# IMPACT MAGAZINE 2024

Project Shiksha is a social edtech working towards empowering last mile communities through 21st century Skill development programs and bridging the digital divide thereby preparing them for better job opportunities. We believe in bridging education gaps and facilitating tech learning opportunities for the last mile thereby preparing them for the tech driven future.

## PROJECT SHIKSHA

Let's Redefine Education Together!

The education crisis in our country runs deep. There are numerous challenges faced by the children & youth from underprivileged communities to get equal access to education. Unfortunately, Quality Education in our country is a privilege and not a right. Tech know-how, Life skills and Entrepreneurship programs is really a need of the hour considering the fast-paced life, the changing job market. Project Shiksha addresses this gap and provides a learning opportunity to the low income groups communities.

## SHIKSHA CHAMPS PROGRAM

Shiksha Champs is a volunteering program, where students from private schools engage in various volunteering programs under Project Shiksha.

This year we had our Shiksha Ambassadors celebrate Holi through a Fundraiser organising a wonderful event which won our hearts! We had children from Vibgyor High International, Primus Public school, Greenwood High International, NPS Haralur & Ryan international run 7 stalls at the Prestige Ferns community & seek engagement. Project Shiksha is proud to have such young champs who are gearing towards making the world a better place.

This program has been very beneficial to these students. It not only helped them develop empathy and compassion towards society, but also inculcate leadership skills, negotiation skills, team building skills leading to increased self-confidence.

# IMPACT MAGAZINE 2024

## SHIKSHA CHAMPS PROGRAM

Through the Shiksha Champs Program-

- We are aiming at conducting a **five-week** training program in collaboration with private schools
- The participants of the program will be students from **Grade 7 till Grade 9** helping them understand the importance of giving back to the community.
- The students inculcate team-building skills, negotiation skills, and empathy which sets the foundation to be a responsible citizen and contribute in the Giving cycle of our economy.

"This year, the Shiksha Champs Program aims at partnering with private schools through 'Bake & Sale' activities within the school premises. The setting up of stalls and driving the overall engagement encourages the students to get more proceeds which will further empower the fundraiser. *All participants receive certificates of completion under the Shiksha Fellowship Program and are given the opportunity to participate in the on-ground activities through a dedicated site visit and a day experience at our centers.*"

## LEARNING KITS DRIVE

Our Learning Kits Drive aims to spread educational support to last mile students across our various centers in Bngalore. We provide essential stationery items to younger children, empowering them to pursue their education with confidence. Together, we make a meaningful difference in the lives of these students, helping them unlock their full potential.

Glimpses from the Drive across our 3 centres.

## YOGA & WELLNESS PROGRAM

Yoga provides a multitude of advantages for children, contributing to their physical health and overall wellness. A balanced body and mind significantly influence a child's academic performance. In collaboration with various government schools in Bangalore, we conducted a three-month Yoga & Fitness camp. Students had the opportunity to unwind and acquire proficiency in various yoga postures such as Tadasana, Baddha Konasana, and Savasana, among others. Through yoga, students experienced heightened focus, enhanced concentration, improved memory retention, and fostered physical and mental well-being.

# IMPACT MAGAZINE 2024

## FOOD & NUTRITION DRIVE

Nutrition plays a crucial role in the growth, development, and overall well-being of children.

We have organised various Food & Nutrition Drives across different government school centres in Bangalore. As an education based NGO, we know how much a healthy body and healthy mind can influence a child's education.

Project Shiksha, in collaboration with Roxie had organised a '**Fine Dine-In**' experience for our government school teachers and a group of our Haralur government school students for a fulfilling experience. We often look at organising these fun engagements with the help of our partners.

We have also supported NGOs like Diyaghar and **Reaching Hand(Bangalore Chapter)** by providing them intermittent food & grocery kits.

## NEW YEAR CARNIVAL

The Annual New Year Carnival is a celebration of stakeholder partnerships, renewed financial year agenda & most importantly an opportunity to our students to showcase their talent through art, drama & music. This is concluded by a fun fair hosting a bouncy castle, popcorn counters & delicious meals served to our children & teaching staff.

Here are some glimpses from the New Year Carnival

## ANNUAL EDUCATIONAL FIELD TRIP

Glimpses from our Annual Educational field trip at Curiouscity.

Such a beautiful day immersed in science, curiosity & power packed energy! This trip ignited the child like spirit in everyone, transporting each to their own school days! Our team of volunteers, teachers & 150 children were extremely grateful for this experience.

## ANNUAL EDUCATIONAL FIELD TRIP

"**Roxie**, a renowned dine-in destination in Bangalore, proudly partnered as the CSR sponsor for our annual education field trip. Believing in a brighter future, Roxie understands that empowering our last-mile children is the key to uplifting society."

"**Curiouscity**, our educational partner for the annual educational field trip, helped children to not only explore but also thrive in a world of wonder. Through this collaboration with Curiouscity Discovery Centre, Project Shiksha aims to empower young minds with transformative experiences, from mind-bending illusions to engaging experiments in Science Labs, and immersive play at the Kids Zone."

## OUR WONDERFUL SHIKSHA CHAMPS

**Kumar**

**Grade 8, Renuka Government School**

Kumar's journey with Project Shiksha is a testament to resilience and triumph. Born in a remote village with limited access to education, Kumar's determination to succeed never wavered. Recognizing his potential, Project Shiksha provided him with vital resources and support, enabling him to excel academically. Topping his class in Maths was not just a personal achievement but a source of pride for his family and community. Beyond academic success, Project Shiksha instilled confidence and leadership skills in Kumar, making him a role model for his peers. His story inspires hope, showing that with determination and support, every last-mile student can reach their full potential. Project Shiksha believes in unlicking the potential of every last-mile child. With the continued support from our community, we wish to create an army of Kumars in the future who through the power of education will bring their family out of poverty.

## OUR WONDERFUL SHIKSHA CHAMPS

"Project Shiksha has been instrumental in guiding me through the basic fundamentals of computers and even assisted me in designing my very first webpage. Their support has ignited a newfound excitement within me to delve deeper into the world of computers and expand my knowledge further."

**Ankita, Grade 5, Renuka Government School**

"Project Shiksha has been a guiding light for me, teaching me the essentials of computers and helping me to improve my English speaking skills. Their mentorship has fueled my curiosity, inspiring me to delve deeper into the realm of technology and continue to communicate more confidently in English."

**Sukumar, Grade 6, Renuka Government School**

"Grateful for Project Shiksha's invaluable support, I've learned the fundamentals of communication in English. Their encouragement has instilled in me the confidence that I too can converse effectively in English. In addition to computer skills, our mentor has also imparted essential life skills, such as effective communication and the benefits of yoga. Furthermore, she has provided assistance in other subjects, fostering a well-rounded educational experience."

**Raju, Grade 5, Haralur Government School**

## DIGITAL SHIKSHA MISSION

Project Shiksha has launched Digital Shiksha Mission through which it is empowering grassroots NGOs and government schools to gain access to technology learning and dream of better employment opportunities.

Under this initiative, Project Shiksha aims to set up 40 computer labs in collaboration with Government schools PAN India helping them build Skills of the Future.

# IMPACT MAGAZINE 2024

## DIGITAL SHIKSHA CENTERS

Project Shiksha currently has 4 Digital Shiksha Labs across Jharkhand and Karnataka:

- Ranchi, Jharkhand
- Whitefield, Bangalore
- Haralur, Bangalore
- Bellandur, Bangalore

We have reached out to 1000+ last mile students with the idea of helping them learn technology, to inculcate a positive mindset and widen their horizon of imagination. This shows in their active participation during sessions and engagement groups and thereby increasing the overall academic performance. Digital access & training has led to increased confidence of teaching staff at the centres. This in turn will lead to less attrition in the future.

## TESTIMONIALS

From Stakeholders

"Digital Shiksha Mission is a promise to bridge the digital divide and give learning opportunities to the last mile students. We are proud to be a part of this project which is empowering our students and helping them dream of better education and future job opportunities."

**Ms Sujata, Head Mistress, Haralur Government School**

"I would like to thank Project Shiksha's Digital Shiksha Mission in supporting Samriddhi Trust with Digital learning. With your support we are now able to provide technology learning, 21st century quality education, that will enable them to come out of poverty and see themselves in better employment opportunities."

**Mr Uttam Banerjee, Co-founder, Samriddhi Trust**

"I would like to extend my heartfelt gratitude to Project Shiksha Digital Shiksha Mission for their support to Yuva School. The inauguration of the new computer lab will greatly benefit government school students, particularly girls facing familial and financial constraints hindering their education continuity. This initiative will provide a vital resource for 100 girls from Yuva School, offering them exposure to computer and technology learning opportunities."
